provincial government, who is just back from a trip into the north country. It provides pretty nearly what Alberta has been asking for, and in actual money it will mean a saving to the wheat shippers of this province of somewhere around a million dollars on the present crop.

Great importance is also attached by Mr. Chard to the ruling on lake terminal and distributing rates, which will have the effect of instituting substantial savings in charges on first class freight to local points from Port William and points east. The Alberta freight supervisor has been working for this himself for the past three years, and he is therefore greatly pleased with the commission's finding.

A copy of the order has not yet been received at the government offices and without an opportunity to examine the details of the judgment, Mr. Chard, says he can only interpret it on general lines. He takes it to mean, however, that all grain rates from Western Canada to Port William or Vancouver are to be put on the basis which exists on the main C.P.R. line, with the exception that rates from Calgary to Vancouver are to be based on the C.N.R. mileage, Edmonton to Vancouver. This means that a 20 cent rate in force on Edmonton-Vancouver mileage of 765 miles will apply to Calgary-Vancouver mileage of 642 miles.

From exhibits filed in the equalization grain case last year, it appeared, Mr. Chard points out, that the average excess rate from Alberta C. P. R. stations to Port William was 1.25 cents per hundred pounds and from C.N.R. stations 1.39. Assuming that all of the 1924 shipments went to Port William, there would have been at these rates a total of \$564,382 paid by Alberta shippers in excess rates. As a matter of fact, 20,000,000 bushels of Alberta wheat went in that year to Vancouver and paid excess of \$372,000, the rates being 3.27 cents from C. P. R. points and 2.06 from C. N. R. points.

On the basis of the 1926 crop about three quarters of a million will now be saved by the new ruling and the prospect for the present year is that a whole million or more will be saved.

You may tell a hick by his haircut, but all men are equal in the free masonry of baldness.

It's a sad story when a man has a hick complex and a bald spot.

RAISES TOBACCO ON RANCH IN THE MACLEOD DISTRICT HILLS

W. H. Cox (Colonel), rancher of Spring Point in the Porcupine Hills, brought into Macleod Saturday a splendid sample of a tobacco plant which he grew in his garden. It is fully developed and of a very large size with fine broad leaves. He has been experimenting for the past three years with tobacco growing in a small way, and has been very successful. This year he set out a larger number of plants and he estimates that he will have considerably over 100 pounds when fully cured and ready for use.

Weather conditions this year have been exceptionally good for the growing plants, but he has a small irrigation system which he operates when moisture is required. He intends to go in more fully to growing this most profitable plant in the future. He specializes in growing all kinds of vegetables on his farm. He brought in Saturday some splendid samples of this year's growing. He finds this a very profitable side line.

POPULAR GRANUM COUPLE MARRIED

Granum, Sept. 2.—On Thursday at 11 a.m. in the United Church, Granum, Mr. Gerald Shapter and Miss Frances Henker, only daughter of C. E. and Mrs. Henker, were joined in marriage by the Rev. A. H. Rowe. The bride was beautifully dressed in salmon-pink silk with gold and purple trimmings with hat to match. She was given away by her father, Miss Stella Henker, cousin of the bride was bridesmaid. The groom was supported by Mr. Bert Kellicut. Both bride and groom are well known locally. Miss Henker was elected queen at the summer carnival. Mr. Shapter is our local pharmacist. After the wedding the young couple left for Banff and Windermere. They have the good wishes of the entire community.

ALBERTA WHEAT POOL NEWS

The E. P. Ranch, owned by H.R.H. the Prince of Wales, has been signed to a Wheat Pool contract. The ranch contains a section of land and is located near High River, Alberta. The Prince was a recent visitor at his ranch and while there instructed W. L. Carlyle, his farm manager, to have the acreage placed under a Pool contract.

The Alberta Wheat Pool is not operating a coarse grain pool this year. Blank coarse grain contracts have been sent out and if a sufficient acreage is signed a coarse grain pool will be operated next year.

By the time the bulk of the wheat is moving in Alberta this fall, the Alberta Wheat Pool will have 150 line elevators completed and in operation.

Yukati Shirari, of the Japanese firm of Mitsubishi Shoji Kaisha Ltd., importers and exporters, of Seattle, Wash., was a visitor at the Alberta Wheat Pool office this morning. He evinced a great deal of interest in the organization.

The first sample of this year's wheat to reach the Alberta Pool

NOTICE

Mr. H. Mellor-Langdale—A.R.C.M., (Double Diploma), L.R.A.M., London, England will visit Macleod each week to give instructions in Piano-forte Playing and Vocal Instruction (both elementary and advanced).

Mr. Langdale's ability as a teacher of vocal and instrumental music is well known in Western Canada and intending students should please note that his time in Macleod will be limited and early application will be necessary.—Address: 621, 10th St., Lethbridge.

Press Opinions

Mr. Mellor-Langdale has proved by the work his pupils accomplished, his ability as a teacher.—Edmonton Journal.

Mr. Mellor-Langdale's pupils scored a great success at the Students' Concert; every number was most beautifully rendered.—Lethbridge Herald.

THE DOMESTIC ANIMALS ACT (MUNICIPALITIES) — SALE AND REDEMPTION OF IMPOUNDED ANIMALS (SEC.48)

Notice is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that the following animals were impounded in pounds as respectively stated and on dates as to impoundment and sale as below:

Impounded in the pound kept by A. W. Mudiman, on Southwest 20, 8, 26, West fourth, on July 19th, 1927, one blue roan mare, branded O on right shoulder, and sold to George Anderson, Macleod, on August 1st 1927.

Impounded in the pound kept by J. Koole, on S.E. Quarter 6, 10, 24, West fourth, on August 1st, 1927, one light brown mare, about 3 years old branded E K under half circle points up on right hip and sold to H. Buckman, Penrice, on August 18th, 1927.

And that said animals may be redeemed by the owners or on their behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.

Harry W. Bright,
Secretary-Treasurer
Municipal District of Bright, No. 69
Post Office—Macleod.

office was from the crop of C. Lindsay, of Strome. This wheat is an excellent A 1 Northern and weighed 55 lbs. to the bushel. Mr. Lindsay has 80 acres of wheat which has been

cut but has yet to be threshed. The sample was hand-threshed. Mr. Lindsay is a member of the Alberta Wheat Pool.

NOW—
You Can Heat those
"Hard to Heat" Rooms

MANY home owners blame their furnace for cold rooms. Yet most furnaces produce enough heat to keep the entire house warm. The difficulty is that sluggish heat lags in the pipes or follows the path of least resistance—up the chimney and out of doors.

Why not eliminate this waste by attaching a Miles Automatic Furnace Fan to your present furnace? On cold winter mornings you simply press a conveniently placed switch. In less than five minutes Miles Automatic Fan forces warm, healthful, circulating air into every corner of every room.

This greatest of all home heating inventions will give you quick and uniform distribution of heat—Four changes of air every hour in every room—From 60% to 100% more heat volume—Cool air through registers in summer, making your furnace a year-round servant.

Can be attached to any warm air furnace, old or new. Mail coupon for particulars.

Distributors of Miles Automatic Furnace Fan for all Makes of Warm Air Furnaces, Old or New

HOW GREEN CAN WHEAT BE CUT

How green can wheat be cut with safety? That question was propounded to Supt. Fairfield of the Experimental Farm Lethbridge by President J. Y. Card of the Cardston Board of Trade on behalf of farmers in that district who, due to the weather last spring, were unable to seed until late. Many are anxious to start cutting but are holding back, fearful that the grain would not mature and make good grade if cut now. Mr. Fairfield answers the query this way:

"A good rule of thumb is to pay little attention to the color of the straw. If a farmer examines the kernel of wheat he will find that it develops upwards. As soon as the tip end of the kernel is fully rounded out the grain can be cut. This rounding out usually occurs by the time the wheat is in the soft dough. Wheat cut then, and well stooked will make good grade grain provided the weather following is not too wet."

LIEUTENANT GOVERNOR PAYS MACLEOD A VISIT

On Friday afternoon of last week His Honor William Egbert, Lieutenant-governor of Alberta, paid a short visit to Macleod. His honor was passing through on his way from the Waterton National Park to Edmonton. In conversation with Mayor J. W. McDonald, K.C., H. C. Winter, president of the Board of Trade and others, the lieutenant-governor expressed himself as greatly pleased with the appearance of the crops in southern Alberta and especially in the district south of Macleod, where he saw some splendid fields of wheat and other grains.

TITLES FOR CANADIANS?

Report of the registrar of the Canadian Bar Association during that association's convention in Toronto contained the recommendation that the custom of awarding titles to Canadians be restored. It does seem to be carrying the principles of democracy to a rather ludicrous extreme to hold aloof from

a system of honors that, properly controlled, would play a valuable part in the social structure of the country.

The only evil aspect of titles has not been their use, but their abuse. Total abolition of any system has always been the weakest and most wasteful way of ending the abuses of that system.

If titles are awarded purely on the basis of merit and not along the lines of wealth or political patronage, the titles system has the benign effect of putting a marriage premium on the nation's best individuals. When an exceptionally capable man, who can be expected to breed exceptionally capable children, is publicly marked with a title, his chances of mating with an exceptionally capable woman are increased 100 per cent.

His title should set him apart as prize human stock. His eugenic value to the state is given public recognition.

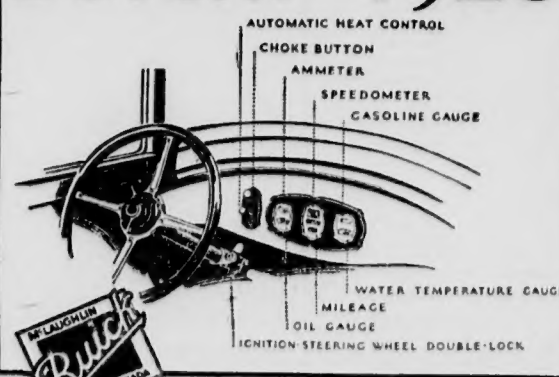

This is the heredity side of it.

From a purely practical angle, the titles system offers a method of rewarding great writers, statesmen, artists, scientists and philanthropists, where a money reward would not be inadequate but humiliating.

Germany's pre-war system of scientific research was practically and economically built entirely on titles.

If Ottawa is so stupid and irresponsible as not to be able to control the gift of titles, then titles in Canada should remain abolished. But if Canada has the ordinary common sense which should prevent abuse of the system, there is no reason why titles in Canada should not be restored.

McLAUGHLIN-BUICK for 1928

One Glance tells the story

IN McLaughlin-Buick for 1928, everything you want to know about your car's performance—every indicator and dial—is before you, indirectly lighted under glass.

Conveniently grouped in a handsome walnut panel are the speedometer, oil gauge, ammeter, gasoline gauge, and water temperature gauge—so that one glance tells the story—a thrilling story of greater power—of thorough engine lubrication—of efficient cooling—of the perfect functioning of McLaughlin-Buick's famous six-cylinder Valve-in-Head engine. And close at hand, beside the instrument panel, is McLaughlin-Buick's heat control, an exclusive feature.

McLaughlin-Buick offers greater beauty, luxury and comfort than ever before—greater speed and power with quicker getaway. See the car that leads the world in popularity—and in value.

BUY AT HOME Spend Your Money in Macleod

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

If an individual fights for a dollar, that's greed; if a nation does it, that's patriotism.

Correct this sentence: "Now," the man chuckled happily at 7 a.m., "I'll have the pleasure of shaving."

Correct this sentence: "My husband taught me to drive," said she, "and never once tried sarcasm."

It's some consolation, when your neighbor is mowing his lawn at 7 a.m., to know that his back hurts.

EVERY CITIZEN OF MACLEOD & DISTRICT

is interested in the

GROWTH AND DEVELOPMENT OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.

The stores and business houses are not alone for the merchants.

Prosperous merchants will make the community prosper. The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people of Macleod become the builders of their own community.

No True Citizen

will stunt the natural growth and expansion of his home town by fostering the mail order business of far away communities.

Buy At Home

not to help the merchants, but to help the home community and yourself.

HIT AND RUN DRIVER WIPES OUT A FAMILY — ILLINOIS CAR CAUSES CASE SCHOOL PROFESSOR'S CAR TO PLUNGE INTO NIAGARA

Buffalo, N.Y., Sept. 9.—Niagara Falls police today were bending every effort to locate the tourist car which is reported by witnesses to have shoved three persons to their death in the Niagara gorge, wiping out an entire family, yesterday afternoon.

The victims of the harrowing 120-

foot drop were Professor Roy Desmond Huxley, his wife and their seven-year-old daughter Ruth, all of Cleveland, Ohio. Huxley was associate professor of electrical engineering at Case School of Applied Science, Cleveland, and held as one of the most brilliant men in his particular field.

Search for the car which is blamed for the tragedy extended to garages in Niagara Falls, Buffalo and intermediate and adjacent points. The auto bore an Illinois license and was driven, witnesses said, by a stout man. The car did

Now Enjoys Eating, Thanks His Wife

"For years I suffered with stomach trouble. Then, my wife got me to take Adlerika. Today I feel fine and eat what I like."—Wm. Opp. Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you! Rexall Drug Store.

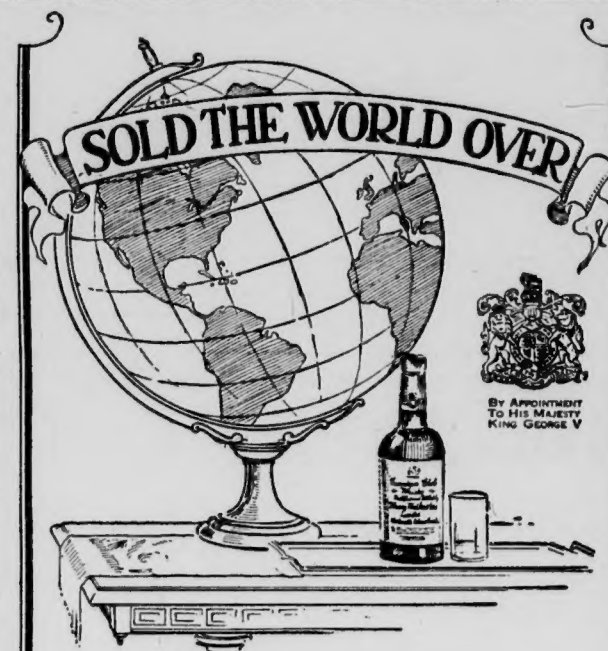

not stop after striking the smaller machine, sending it hurtling through an iron fence and down the Niagara Falls gorge precipice to smash in two parts and drop flaming in the water. Huxley and his wife died instantly. The little girl succumbed a few hours later in the hospital.

SOME CHANGES IN MACLEOD SCHOOLS TEACHING STAFF—MACLEOD STUDENTS BACK TO GRIND

All the Macleod schools were reopened last Thursday after the summer holidays, with a full staff of teachers. At the High School, C. A. Anderson, B.A., is principal, with Miss Ethel Cobb, B.A., as assistant for grades X, XI, and XII. In the Public School, Miss E. H. Atkinson is principal and teaching grade IX. Miss Gladys H. Tabor, grade VIII; Miss Velma Kirk, grade VII; Miss Anna M. Tabor, grade VI; Miss Janet Griffin, grades sr. IV. and V.; Miss Gwendolyn Martin, grades III. and jr. IV.; Mrs. Grady, grade II.; Miss C. Bloomer, grade I. The new members on the staff are Mr. Anderson, Miss G. Martin and Miss Bloomer. There was a large enrollment of pupils for the first day, especially in some of the grades in the High School.

In the separat school, Miss G. Lynden of Claresholm assumed the duties of teacher, in place of Miss Mary Walsh, who returned to her old appointment in Calgary, after teaching in Macleod for a year. There was about the usual number of pupils enrolled. Quite a number of pupils of this school passed in grade VIII, at the last departmental exams, and will now attend the High School, in Macleod.

Before marriage: "Blow some my way." After marriage: "For the love Mike, clean up your own filthy ash trays."

EAST, West, North and South—in every country of the world—you will find connoisseurs of good whisky, demanding "CANADIAN CLUB". To have achieved such world-wide fame, is indeed striking tribute to the exceptional quality of this fine old whisky.

THE TIMES

**CALIFORNIA
PEACHES!**

will finish this week. Washington and B. C. Peaches are just coming on the market, but are a little high, and we think the price will be better later, though not as low perhaps as the Californias have been.

The Pear crop is said to be good, and we hope for lower prices on pears within the next few days.

Italian Prunes are perhaps the best bet at present. We have the Washington pack, which is always good weight.

THE WHITE HALL**LOCAL AND PERSONAL NEWS**

Mr. and Mrs. Roger Hunt, Mr. and Mrs. Watchorn were Lethbridge visitors this week.

The Clergy of the Macleod churches are now back from their different summer vacations and the pulpits next Sunday will be occupied by the regular ministers.

The Commercial Cartage Company, who have the contract for gravelling the roads from Macleod to Nanton, have increased the capacity of their conveyors with a view to expediting the work.

Stamp collectors at Macleod and Lethbridge who have been endeavoring to obtain a specimen of the surcharged or overprinted stamps issued by the government for the first Canadian Trans-Atlantic (London to London) air flight carrying mail, have been informed that only one hundred stamps were issued and the affair seems to have been in the nature of a close corporation as re-

gards the stamps—all of them having been used by government officials. As high as \$1,000.00 was offered for five of these stamps and in five cases the offers being refused.

Rev. W. H. Irwin, of the United Church, Macleod, has been in attendance at the Presbytery in Taber which was largely attended by the ministers and laymen. Mr. Irwin returned Thursday morning.

Labor Day in Macleod passed off very quietly. A number of residents motored to Lethbridge, a few fishing parties were out, also a golf tournament interested a number of local players in the afternoon. The day was splendid the weather clerk ordering most propitious weather.

Our old friend Judson of Lethbridge was in Macleod last week with a demonstrating Reo truck, he was out with C. K. Underwood over the district and they managed to dispose of two trucks. One was purchased in town by George Pearson, Junior, the other was sold south of town.

CHRIST CHURCH (ANGLICAN)

Sunday, Sept., 18th—

**This Washboard
will wear for Years**

IT'S so strong you could stand on it without doing it any harm. The rubbing surface is heavy SMP Pearl Enamel, positively smooth as glass, but unlike glass, it cannot break! And it won't wear out, like zinc. The back is heavily re-inforced with wood. It's a washboard that will last for many years, and remember, it is SMP made.

Money Back
If It Doesn't

Scalp specialists will tell you the big problem with scalp ailments is to get the scalp to form a consistent habit of taking care of their hair. Van Eas Liquid Scalp Massage comes in a patented bottle with a special rubber applicator attached. The method of application is easy—and clearly. The medication is fed through rubber nipples directly to the roots of the hair while the scalp is gently massaged. One minute a day with Van Eas stops falling hair, relieves itching scalp and grows new hair. Ask about 60-day treatment plan. We give you a positive guarantee.

TIMES FOR FINE PRINTING

REACH & COMPANY, Ltd.

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGETABLES AND FRUITS.

Everyone seems happy and contented. They think the long delayed ship has come home at last. The farmers down east have a name, whether deserved or not, of being universal grouchers, always ready to borrow trouble, now, in comparing our farmers with our Eastern cousins, the cheerful odds are long in our favor—in fact they are too optimistic. If things go wrong they say "Oh, it might be worse." Look how many shady seasons they have had—and when everything looks rosy they say "We knew it would come our way." You only want patience. This year has been a grand advertisement for us. We can soon sell everything in sight. The merchants are getting ready to put long delayed stock on the shelves.

BOOTS AND SHOES are the most important articles in our store. They have constantly to be overhauled and odd sizes put on the bargain counter. New styles have to be added to the stock.

Hosiery has run wild. The varieties of shades and colors are beyond comprehension. Then the dress goods are so jazzy. The men follow suit in sporting sweaters, pullovers and coat styles. The style is jazzy. A merchant dare not stock heavily as the changes of styles vary with the changes of the moon. The appearances are that the craze for novelty and excitement is increasing. The extreme is approaching when the sensible women will wear natty overalls or bloomers in the kitchen, especially when working round a fire and the thousand and one things in the house—they are indispensable.

**PATRONAGE DIVIDEND
PAYMENT**

ONE CENT PER BUSHEL

A payment of one cent per bushel is being made on Patronage Dividend Receipts issued on street grain purchased by United Grain Growers Ltd. during the past crop year, up to August 15, 1927.

Holders of Patronage Dividend Receipts, issued before August 15, should present them to be cashed at elevator where grain was delivered.
